## **PODIATRY- How it can help you**

Podiatrists treat a variety of disorders and can provide advice on the following:

- Nail disorders
- Corns
- Callous and skin disorders
- Joint problems of the feet
- Bunions

- Soft tissue injuries of the feet or lower limb
- Footwear
- Foot care for Diabetics
- Orthoses
- Sports injuries
- Children's feet problems

## **Podiatry Service Appointments**

### **Private**

There is a private podiatry service available at the Tallangatta Health Service. The private podiatry service is available to anyone, including those with a 'Gold' Veteran Affairs (DVA) card.

### **Public**

Provided by the Rural Allied Health team podiatrist from the Wodonga Regional Health Service, funded by Home and Community Care (HACC)

The public service is available to frail aged people or those with certain medical conditions or disabilities, which affects their mobility and independence. Due to limited podiatry sessions, priority is given to those who are at a high risk of foot complications and are financially disadvantaged. It is not available to those with a DVA card or living in a hostel or nursing home.

You can make an appointment by phoning
